

## Portland Harbor Draft FS - Errata Tracking

Main Text/Appendix	Figure/Table/Section	Description of Erratum	Notes:
Section 7	Figure 7.1-4	y axis mislabeled in two of the graphs	Figure 7.1-4 is also included as Figure 1.0-2 in Appendix U. Axis labels were revised.
Appendix U	Figure 1.0-2	y axis mislabeled in two of the graphs	Figure 1.0-2 in Appendix U is the same as Figure 7.1-4 in the main text. Axis labels were revised.
Section 10	Figure 10.3-7	Two of the lines are missing from the graph (error occurred when tagging PDF)	By tagging the individual figure only, this issue was corrected.
Appendix K	Appendix K Cost Spreadsheet	Issue with how costs are shown for SubSMAs of one designation	Corrected spreadsheet for EPA use provided. Some column headers and instructions for use also edited for clarity.
Appendix G	Figures 2a through 2e	These should be labeled by SubSMA ID instead of Subtheissen ID in order to match what the Appendix K Cost Spreadsheet shows.	Figures were corrected to show SubSMA IDs.
Section 8	Figure 8.2.2-7a-d	Target TTL RGs labels are mislabeled (95th percentile and Point Estimate are transposed.)	This issue also affects the footnotes in Appendix Hb Figures 5-2 through 5-5. The labels were revised.
Appendix Hb	Figures 5-2 through 5-5	In the footnotes, the target TTL RGs labels are mislabeled (95th percentile and Point Estimate are transposed.)	This issue is the same issue as Figure 8.2.2-7a-d in the main text. The footnotes for these four figures were revised.
